SUBJECT: (please specify) Tuberculosis Vaccine Initiative (TBVI), a practical implementation of the 'Europe 2020' strategy in order to contribute to meeting MDG 6 by 2015..	
TEXT: Member States and the EU have invested heavily in research and innovation (R&D Programmes 5, 6 and 7) on the development of vaccines against tuberculosis. Indeed, 5 years ahead of the deadline for the realisation of the MDGs, the incidence of tuberculosis in the world remains a cause for concern. This requires strengthening international financing using existing methods. What actions does the commission intent?
